*Summer Classes*

*2010*

---

## Shaker Furniture

---

Dates: June 21-25, 2010

Instructor: Chris Becksvoort,

Assisted by Robert Ives

Cost: Tuition - \$500

Room & Board - \$400

Summary: Chris Becksvoort, contributing editor of Fine Woodworking magazine and custom furniture builder in the Shaker-style will instruct how to build a Shaker Wall Cabinet (pictured at right). The pine case, with frame and panel door, measures 18" high, 14" wide and 7" deep.

---

## Young People's Wood Working

---

Dates: June 28-July 2, 2010

Instructor: Robert Ives

Cost: Tuition - \$400 for full day; \$200 for half day, morning (does not include lunch) (*Room & Board is not offered for this course.*)

Summary: This class is **for children ages 8-14** and will focus on how to use basic hand and small power wood working tools. Each day students will build one project (bat houses, book ends, step stools, etc.), as well as share in outings to identify trees and their natural properties. Students may attend for either a half day or all day class. Please specify which when registering.

---

## Women's Wood Working - 101

---

Dates: July 5-9, 2010

Instructor: Robert Ives

Cost: Tuition \$400 Room and Board - \$400

Summary: This class will provide an introduction and overview of general terms, tools, and woodworking techniques. There will be three projects from which to choose - Shaker oval boxes, a three-step stool, and a cherry candle stand. Each student will complete at least one or two projects.

---

## Building Oars and Paddles - Intro to Woodworking

---

Dates: July 19 - 23, 2010

Instructor: Douglas Brooks

Cost: Tuition: \$500 Room and Board \$400

Summary: Douglas Brooks, who specializes in traditional American, English and Japanese boat building, will introduce students to basic woodworking tools. Each student will build a pair of oars or a canoe paddle. There will be daily lessons in the use of basic hand and power wood working tools, how to sharpen planes and chisels, joinery details, and wood working techniques. An evening lecture on Japanese boat building will also be offered.

---

## Basic Boat Building

---

Dates: July 26-30, 2010

Instructor: Robert Ives

Cost: Tuition - \$400 Room & Board - \$400

Summary: This class will introduce students to the fundamentals of traditional boat building. Daily lectures will be given in tool use, sharpening, boat design, and wood technology. The class will construct a traditional Monhegan Island skiff.

---

## Women's Wood Working - 202

---

Dates: August 9-13, 2010

Instructor: Sarah

Highland

Cost: Tuition - \$500

Room and Board - \$400

*Women's Woodworking 101 Class - Summer 2009*

Summary: Sarah Highland is a timber framer and natural home builder from Ithaca, NY. In this intermediate class she will review the use of hand and power woodworking tools and enhance ones existing woodworking skills. There will be two projects offered - a mortise-and-tenon bench and dovetail work box. Lessons will be offered daily in wood working techniques, the qualities of wood, and how to finish wooden furniture.
